

## IMPORTANT NOTES REGARDING 2022 FLEET PRICING

The VIP Incentives offered to you will be deducted from the factory invoice for all your vehicle orders placed in accordance with these terms by either your fleet management company or an FCA dealer and are in addition to any equipment option packages for vehicle price discounts. These VIP incentives cannot be combined with any FCA fleet or retail programs or incentives.

- Please use your Fleet Account Number (FAN#) **G5280** for all Canadian vehicle purchases.
- Your orders should be coded with 4FN (Fleet Sale) and 4DG (Deduct Holdback).
- The VIP incentives will cover all your subsidiary companies.
- Sales from Dealer inventory (Out of Stock Sales) are not eligible for the VIP Incentives.
- FCA reserves the right to amend any concession amount should FCA at its own discretion enter into any price repositioning action including adjustment of options or option packages of a specific vehicle model line or lines during a specific Program Year period.
- In the event that a vehicle model is discontinued or significantly changed during this agreement period, which is then replaced by a new model of the same size and price class, FCA reserves the right to revise the amount of concessions being offered in this agreement.
- All vehicles must be delivered in Canada and remain in-service for a minimum of 6 months and 12,000 km with the original owner.
- FCA reserves the right to amend and cancel this program at any time during this Program Year and will notify Agriculture Producers Association of Saskatchewan Inc, in writing prior to this occurring.

## **ORDER-TO-DELIVERY**

Preferred Scheduling (Shipping) Periods or P.S.P.'s are also available for any orders which require a delayed build. The P.S.P. allows you to order a vehicle now and to choose a specific month and week, which you would prefer to have your vehicles built at the factory. You must also allow for transit time in addition to the PSP period.
